## Be part of the **ONLY** dedicated Tissue event in South America and Brazil!

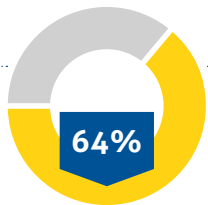

This second edition of Tissue World in Brazil will cover the entire value chain from raw materials, to manufacturing, converting, machinery and suppliers as well as distribution and retail channels.

Tissue World São Paulo 2017 is strategically located in the thriving metropolis of São Paulo and delves into the growing and diversified tissue markets of Brazil and South America. Being the largest T&T producing country in Latin America, retail sales forecast project a steady growth of 3% annually until 2020.

Brazil also counts for a vibrant pulp and paper industry, which will make Tissue World São Paulo a unique platform for all industry professionals active in the

### Interesting Facts

**Brazil is the Largest T&T Producing Country in Latin America**

Together with Mexico and Argentina, they account for 64% of the Latin American market.

#### Did you know?

Brazil is ranked 5th in Tissue Paper installed capacity globally.

tissue and related industries, to remain on top of the latest industry knowledge and increase their business opportunities in South America and beyond.

**EARLY BIRD OFFER:**  
Book your conference seat by 5 May 2017 and save R\$225

### Tissue World São Paulo 2015 featured:

# Gain Key Take-Aways to Accelerate Your Tissue Business Operations

The 3-day conference kicks off with the high-level Senior Management Symposium on Wednesday, 31 May 2017 (9 a.m. to 1 p.m.) Followed by the industry-specialised Technical Sessions on Thursday and Friday.

Over 20 local and international industry experts will share their knowledge and provide key take-aways that may be the drivers to accelerate your tissue business operations.

### Senior Management Symposium

Updates, trends and economic outlook will be discussed on: pulp, energy consumption and production capacities, which are the main cost drivers. Challenges and opportunities to the tissue industry will be highlighted. Consumer trends and concepts complete the holistic picture of the Senior Management Symposium.

### Technical Sessions

The latest information and case studies will enhance the profile of the subsequent Technical Sessions. Learn novelties on how to improve dry strength while keeping softness, maximize savings on energy consumption and minimize energy waste, explore new fiber resources or gain a fresh perspective on tissue production.

### REGISTER BY 5 MAY TO ENJOY EARLY BIRD SAVINGS!
