

PULP & PAPER

TRANSFORM™ BY FABRICS AND ROLLS

INNOVATIVE FABRIC STRUCTURES FOR
GAMECHANGING PERFORMANCE

ANDRITZ

ENGINEERED SUCCESS

Forming fabric performance has forever been TransFormed

TransForm™* is a new generation of forming fabric technology produced with innovative fabric structures combined with game-changing materials delivering superior performance on your most demanding machines.

Engineered for all grades, the TransForm portfolio includes designs to maximize efficiency on all your machines' unique fabric positions; Fourdriniers, twin wire, top formers, gap formers, bottom ply, mid-ply or top ply positions.

Innovative technology for superior performance

HIGHER FIBER RETENTION

HIGHER SHEET QUALITY

SUPERIOR STABILITY AND LIFE

REDUCED ENERGY

HIGHER PROFITS

TISSUE AND TOWEL

TransForm T
TransForm T delivers the industry's most comprehensive performance benefits for today's modern tissue machines:

- Fastest drainage
- Increased speed and production rate
- Superior sheet quality
- Reduced energy consumption
- Enhanced dimensional stability
- Extended life potential

CONTAINERBOARD AND PACKAGING

TransForm B
TransForm B is the world's most advanced and proven product portfolio for containerboard and packaging machines:

- Extended running life
- Reduced energy consumption
- Faster machine speeds
- Improved sheet properties
- Superior dimensional stability
- Improved fiber retention

PRINTING/WRITING AND NEWSPRINT PULP DRYING

TransForm G
TransForm G delivers premium performance on today's most demanding graphical grades machines with:

- Superior formation and printability
- Extended running life
- Reduced energy consumption
- Improved fiber retention
- Faster machine speeds
- Superior dimensional stability

TransForm P
TransForm P provides enhanced performance to the modern pulp drying process:

- Faster machine speeds
- Extended running life
- Improved sheet drying
- Reduced energy consumption
- Superior dimensional stability

TransForm™* FORMING FABRIC TECHNOLOGY DELIVERS SUPERIOR PERFORMANCE ON ALL GRADES AND FORMER CONFIGURATIONS

For more details contact your ANDRITZ Fabrics and Rolls representative today and learn how this exciting new forming fabric technology can TransForm™ the performance of your machine!
