COMPLETE SHAPEMETER MAINTENANCE FACILITY

ONE STOP ONE SHOP

SHAPEMETER ROLL PARTNERSHIP

In retaining the "YEAH, WE DO THAT" attitude, ANDRITZ Herr-Voss Stamco in conjunction with ANDRITZ Sundwig GmbH has made a commitment to the local demand for an enhanced regional program for the higher service demand. Through this support, ANDRITZ Herr-Voss Stamco now offers

a complete test and repair facility with dynamic, static, field testing and Virtual Reality training available as well as recoats, sensor replacements, refurbishments, modernizations and upgrades under license from the VDEh-Betriebsforschungsinstitut (BFI); D-Type, S-Type, P-Type and A-Type Rolls. With the local support, ANDRITZ

Herr-Voss Stamco Inc. strives to be your trusted advisor in the overall life cycle of your flatness measurement and shape control system.
