ASKO MILL PRODUCTS

ANDRITZ

ENGINEERED SUCCESS

The metal cutting experts

including advanced high strength steel

ANDRITZ produces a wide range of specialty wear-resistant tooling for the metal producing, metal processing and metal recycling industries. ASKO products are giving hundreds of companies around the world the edge over their competition.

Since 1933, ASKO products have been engineered in partnership with our customers to increase their competitive advantage.

WE MAKE DOING BUSINESS EASY

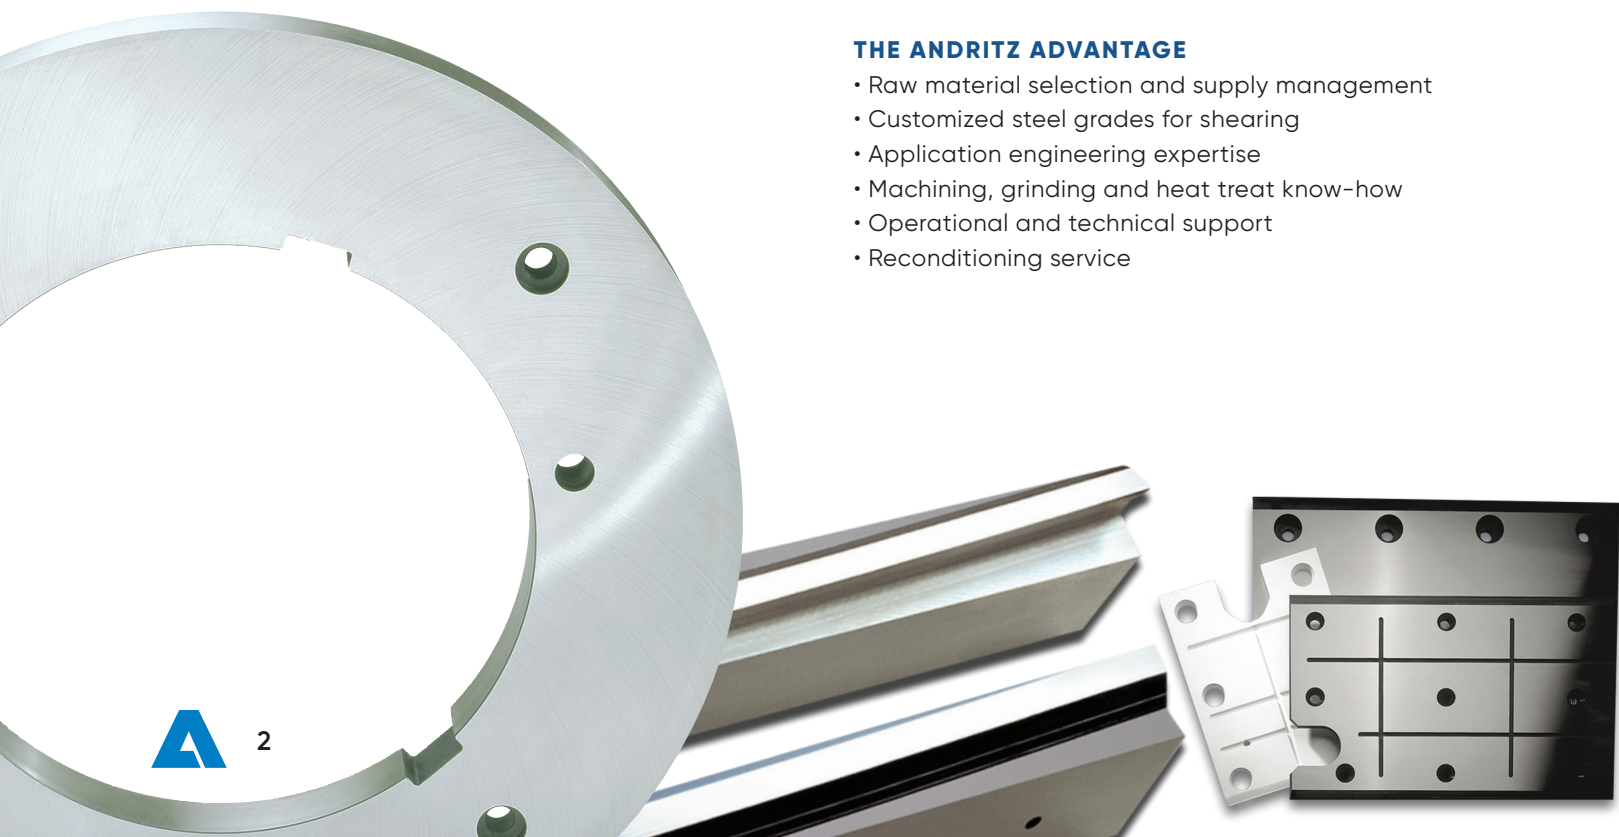

- Worldwide sales & support network
- Worldwide manufacturing network
- Comprehensive grade & application expertise
- Made-to-order engineering & design support
- Tool management programs

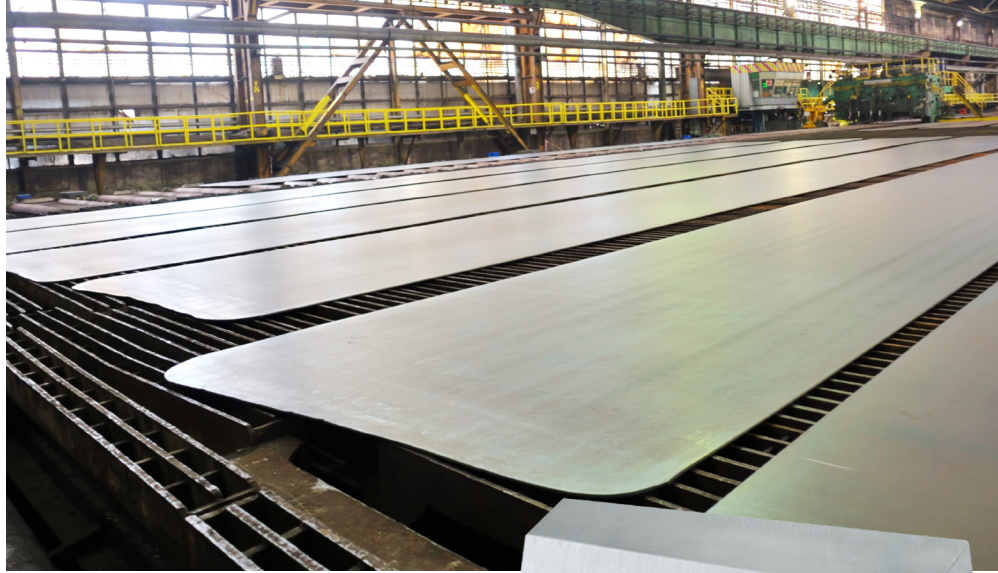

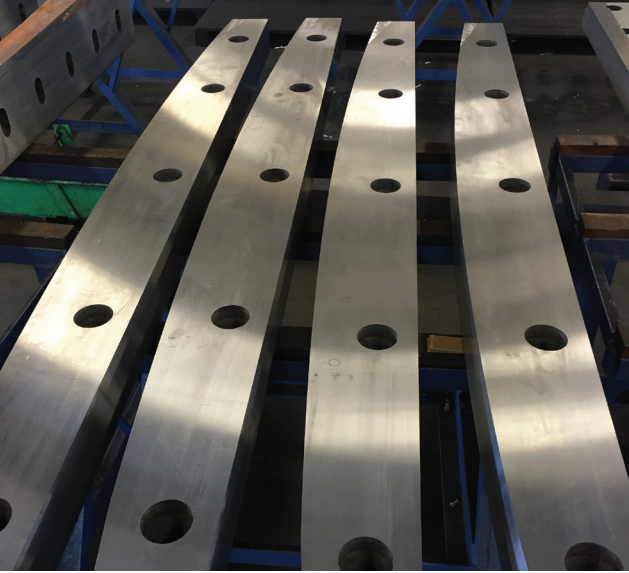

WE WORK TOGETHER WITH:

- Ferrous/Non-ferrous mills
- Service centers & processors
- Scrap and recycling industry
- Original equipment manufacturers (OEM)

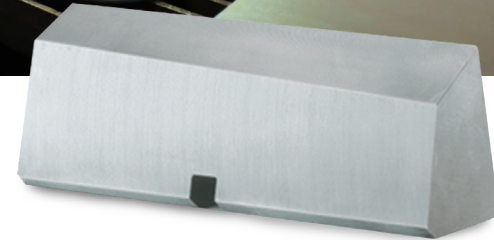

THE ANDRITZ ADVANTAGE

- Raw material selection and supply management
- Customized steel grades for shearing
- Application engineering expertise
- Machining, grinding and heat treat know-how
- Operational and technical support
- Reconditioning service

ASKO metals products

HEAVY PLATE MILLS

For hot & cold shearing:

- Crop shear knives
- Side shear knives
- Rotary side trimmer (up to Ø1500 mm)
- Scrap chopper knives
- Cold dividing shear knives
- Knife holders & cassettes

HOT STRIP MILLS

For crop shears:

- Rotary drum shears
- Crankshaft shears
- Pendulum shears
- Emergency shears

LINERS AND WEAR PLATES

- Housing liners
- Chock (bearing-block) liners
- Rocker plates
- Pressure/packer plates
- Stacker plates
- Sled liners & bed plates

PICKLE LINES & SIDE TRIMMING LINES

- Rotary side trimmer knives
- HXT side trimmers for AHSS
- Notcher knives
- Scrap chopper knives
- Rubberized (bonded) support rings
- Hydraulic nuts & accessories

BAR, WIRE & ROD MILLS

Shear knives for billet, hot and cold shearing:

- Billet shear knives
- Crankshaft shear knives
- Cobble shear knives
- Flying shear knives
- Rotary shear knives
- Rotary disc knives
- Cooling bed knives

COMPACT STRIP PRODUCTION (CSP)

- Pendulum shear knives
- Crop shear knives
- Flying shear knives
- Cut to length shear knives

SLITTING LINES

- Precision slitting knives
- Precision spacers
 - Light weight spacers
- Stripper rings
- Edgemaster set-up software
- Hydraulic nuts
- Separator discs and over arm spacers
- Scrap chopper knives
- Cut-off knives

ANDRITZ SUPPORT SERVICE

- Training, support & seminars
- Knife management programs
- Field diagnostics
- Tooling set-up software

RECONDITIONING SERVICE

ANDRITZ provides valuable reconditioning service in all our manufacturing sites. Proper regrinding and shimming of your used knife can significantly reduce your total knife costs. Our reconditioning service will restore the knife to the original tolerances.

- Crop knives – curved and straight
- Welder shear knives
- Welder die assemblies
- Circular knives
- Disassembly and mounting of complete cassettes
- Hydraulic nuts
- Shims, bolts and other hardware
- Transportation
