LONGER FRESHNESS THROUGH BETTER HYGIENE

**ANDRITZ FOOD PAD EXCELLE -
CONVERTING MACHINE FOR THE FOOD INDUSTRY**

MODULAR DESIGN, MAXIMUM VERSATILITY

We at ANDRITZ Diatec are dedicated to providing the right food pad machine for customer needs. Our wealth of experience allows us to tailor machine configurations to our customers' end-products. From pad sizes to packaging solutions, each step can be tailored as required.

PERFORMANCE AS A BENCHMARK

The ANDRITZ food pad eXcelle from ANDRITZ Diatec is technologically one of the fastest and most powerful production solutions. At the same time, the maintenance intervals have been reduced to maximize the workload.

KEY TO SUCCESS

The key factor in our success is the relationship that we create and maintain with our customers from designing the machine to the "nurturing" phase during machine installation intended to offer specialized support for a smooth start-up in the customer's plant.

ANDRITZ

ENGINEERED SUCCESS

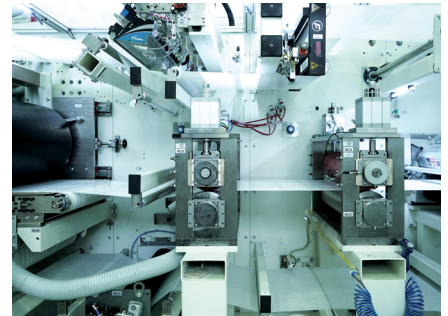

Features and benefits

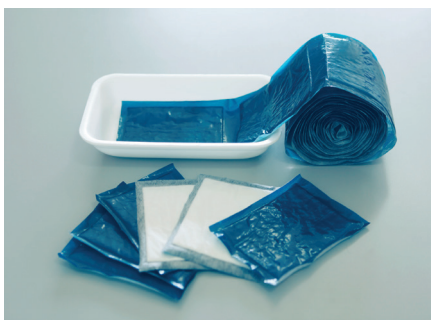

Food pad samples

PRODUCT FEATURES

- Airlaid and fluff core composition available
- Multiple-size core design concept
- Various levels of absorption capacity
- High core density technology for a very thin product
- Option of adding active substances to improve product performance and life time

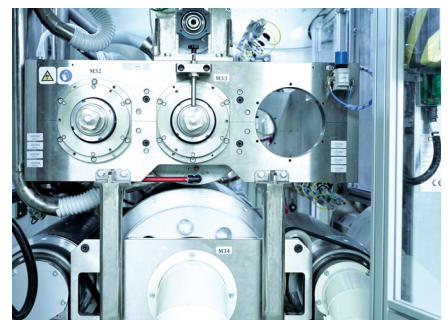

Production process ANDRITZ food pad eXcelle

Food pad placed in food shell

YOUR BENEFITS

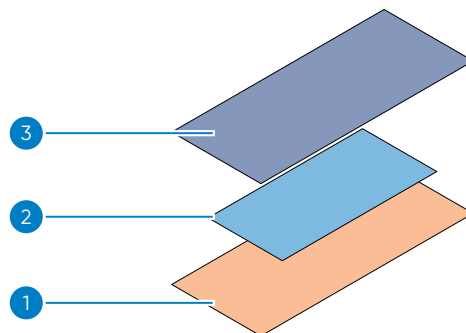

- High production capacity solutions
- Advanced in-line quality control system
- Different automated packaging solutions
- Machine design ready for upgrades
- Quick size change technology

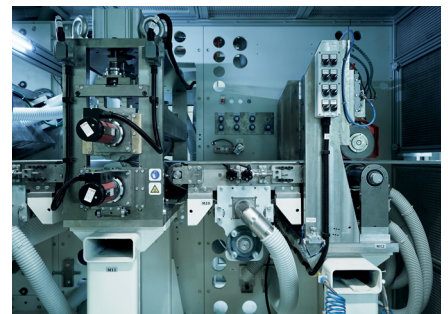

Rewinder part

PRODUCT COMPOSITION

1. Topsheet (nonwoven or PE)
2. Pad core (airlaid or fluff / SAP)
3. Backsheet (nonwoven or PE)
