

METRIS: DIGITAL SOLUTIONS FOR PAPER MILLS

ANDRITZ offers a broad and constantly growing range of innovative products and services in the industrial digitalization sector under the brand name Metris - ANDRITZ Digital Solutions.

The centerpiece for the Metris
Performance Center is connectivity.
The center provides digital service
and support for paper, board and
tissue mills worldwide. ANDRITZ
uses its Metris UX platform for
optimization of production
processes, operator trouble
shooting and decision support.

The Metris Performance Center demonstrates an excellent combination of process, technology and product knowledge with digital services for *Prime*Line tissue, paper, and board mills including stock preparation.

Experts on demand: Digitalization for tissue, paper and board mills

DIGITAL SERVICE & SUPPORT

A strong service and customer support is of utmost importance. The Metris Performance Center features various applications for perfect global customer service and support by providing remote solutions, real-time communication and data analytics. This means ANDRITZ is able to expand the service activities for papermakers around the world by putting an expert virtually in the mill's control room whenever needed.

METRIS UX PLATFORM

The Metris Performance Center is equipped with the Metris UX platform that provides smart services along the digital value chain of tissue, paper and board mills. The platform offers features for on-site as well as remote assistance services by specialists customized for customer's preferences.
