I. Disclosing Entity

This disclosure report is submitted by **ANDRITZ Fabrics and Rolls Ltd.** (hereinafter referred to “ANDRITZ”) for the 2024 reporting year.

II. About this Disclosure Report

This disclosure report is submitted in accordance with Canada’s *Fighting Against Forced Labour and Child Labour in Supply Chains Act* (Bill S-211) and guidance issued by Public Safety Canada.

III. Introduction

ANDRITZ and its affiliated companies are committed to integrity, respect, and fair dealing in their business activities. This commitment includes the fair and equitable treatment of employees, business partners (and their employees), members of the community, and all other stakeholders with whom we engage. ANDRITZ does not tolerate forced labour, child labour, or any other human rights abuses in any its business activities.

IV. Business Structure, Activities, and Supply Chains

In addition, as part of its service business, ANDRITZ supplies spare parts and provides maintenance and aftermarket services. As part of its business activities, ANDRITZ produces goods in Canada, sells and distributes goods inside and outside of Canada, and imports goods manufactured outside of Canada into Canada.

V. Policies Related to Forced Labour and Child Labour

ANDRITZ's *Code of Conduct and Ethics* requires all personnel to adhere to the highest levels of ethics and integrity in all of their business activities. This includes compliance with applicable laws and legal standards, and the responsibility to maintain a safe, healthy, and respectful work environment. A fundamental principal of the *Code of Conduct and Ethics* is that personnel treat each other with respect, dignity, and fairness – and to protect human rights in their daily business activities. To that end, the *Code of Conduct and Ethics* expressly prohibits anyone from engaging in, or benefiting from, any form of forced labour, involuntary labour, and/or child labour. Employees receive a copy of the ANDRITZ *Code of Conduct and Ethics* when onboarded to the company and are expected to comply with the standards of conduct articulated therein. Moreover, employees receive periodic training and communications explaining their responsibility to act ethically and in compliance with the law.

The company's commitment to protecting human rights is further demonstrated in the ANDRITZ *Supplier Code of Conduct and Ethics Policy* and *Supplier Code of Conduct and Ethics*, which were updated in February 2024. The revised *Supplier Code of Conduct and Ethics*, which addresses a range of topics including human rights and fair working conditions, sets forth the minimum requirements for any third-party vendor or supplier engaged to transact business with ANDRITZ. The Code specifically requires ANDRITZ vendors or suppliers to refrain from engaging in, or benefiting from, any form of child labour, forced or involuntary labour, modern slavery, or similar labor practices. These vendors and suppliers are also required to acknowledge and adhere to the principles articulated in the *Supplier Code of Conduct and Ethics*. This includes the commitment that these vendors or suppliers request the same, or similar, compliance standards from their business partners. ANDRITZ has developed a *Supplier Code of Conduct and Ethics* training module which is available to third-party vendors and suppliers on a voluntary basis.

To build a more transparent, safe, and ethical workplace, ANDRITZ has also implemented a highly secure whistleblowing system known as Speak Up!. This online reporting tool allows employees and third-party business partners to report instances of actual or suspected misconduct to Group Compliance in a safe and confidential manner. The Speak Up! reporting tool can be accessed online and by QR code.

VI. Due Diligence Process Related to Forced Labour and Child Labour

Vendors and suppliers are screened through a general prequalification and onboarding process. In some instances, there will also be an on-site audit of the vendor or supplier. The results of the vendor and supplier evaluation will determine whether the potential business partner may be engaged and/or whether any additional controls are needed to mitigate any risk.

VII. Risk of Forced Labour and Child Labour

ANDRITZ evaluates supplier compliance risk, which considers the risk of forced labour and child labour, as part of its annual Risk Management review. In addition, ANDRITZ uses the information collected from its supplier prequalification and onboarding processes to identify risks of forced labour and child labour in its supply chain. ANDRITZ also considers the regions where its third-party vendors and suppliers are located, the materials and products they source, and their relationship history to assess relevant risk. In some cases, ANDRITZ will conduct on-site audits of vendor or supplier facilities.

VIII. Remediation

ANDRITZ has not identified any instances of forced labour or child labour in its business activities or supply chains. Accordingly, ANDRITZ has not had cause to implement any forced labour or child labour related remediation measures.

IX. Training

ANDRITZ provides training on the ANDRITZ *Code of Conduct and Ethics*. This training module addresses human rights issues and the importance of treating employees and third-party business partners fairly and with integrity and respect. ANDRITZ tracks completion of this training on a regular basis.

ANDRITZ has also developed a training module on the *Supplier Code of Conduct and Ethics*, which is available to employees and third-party vendors and suppliers on a voluntary basis.

X. Assessing Effectiveness

ANDRITZ has developed and tracks metrics designed to assess its effectiveness in mitigating the risk of forced labour and child labour in its supply chain. This includes tracking employee training completion on a monthly basis. In addition, ANDRITZ tracks the number of reports alleging supplier-related misconduct (including the use of forced and child labour) through Speak Up! and other internal reporting tools.
