

## **APPRENTICESHIP in metals technology – toolmaking technician**

Are you interested in our large machines and systems, as well as worldwide projects? Then kick-start your career with an apprenticeship at ANDRITZ!

*Duration of apprenticeship: 3½ years*

### **Your work:**

As a toolmaking technician, you are an expert in tool manufacturing. Whether it's press, stamping, or cutting tools: you are responsible for the maintenance, repair, and modification of tools – for prototypes and series production. Do you work with extreme precision? If so, this varied job is just right for you.

The work of toolmaking technicians is very important for us to produce efficiently, precisely, and competitively.

### **Your qualifications:**

- Compulsory schooling completed
- Interest in technology, electrical machines, and electricity
- Ability to visualize and draw 3D objects
- Clean, precise, and reliable worker
- Quick comprehension, ability to work in a team, and willingness to develop professional skills

### **Main focus of training:**

- Manufacture tools, such as cutting, stamping, and shearing tools, for production processes.
- Responsible for the maintenance and repair of manufacturing tools.
- You will also learn how to use technical drawing programs.

You will be trained in our **state-certified apprentice training center**, which has its own training workshops and classrooms, in our production facilities and at vocational school. As a special benefit, we offer our future skilled workers the opportunity to gain additional qualifications during their apprenticeships, such as a crane-driver's license, training to become a safety officer, or welding and hard-annealing qualifications according to international standards.

### **Try it out and get to know us**

If you're not quite sure what career to choose, whether you fit in with us or we fit in with you, we can simply get to know one another during an info or trial day. If we have aroused your interest, please send an e-mail to [lehre.weiz@andritz.com](mailto:lehre.weiz@andritz.com)
