

PELLETING CONFIDENCE STARTS WITH ANDRITZ

Engineered parts for pellet mills
of different brands and models

ANDRITZ

Parts for pellet mills from different manufacturers

Pelleting plants can operate equipment from multiple manufacturers. Managing different suppliers for pellet mill parts can add unnecessary complexity. For ANDRITZ pellet mills or ones we didn't manufacture, we offer high-quality parts to extend equipment life and maintain your operations. If you are looking to consolidate parts and support for all your pellet mills, ANDRITZ is your right choice.

Let's find the right parts solution for your pellet mill

180+ years of industry experience

For more than 180 years, we have supported feed and biofuel producers through changing markets, technologies, and production challenges. With one of the industry's largest global service networks and strong local presence, we are always close when you need support, expertise, parts, or service.

Engineering expertise in every part

ANDRITZ parts are not replacements —they're upgrades. Engineered with advanced materials and smarter designs, they can outperform parts from other suppliers under real production conditions. Every ANDRITZ part is backed by decades of hands-on experience and developed in close collaboration with our customers.

Main components

Shear pin flange

Primary die retainer

Shear pin flange housing

Gearbox components

Pinion bearing housing

Main gear

Pinion shaft

MORE PART TYPES
ARE AVAILABLE
IN EACH CATEGORY

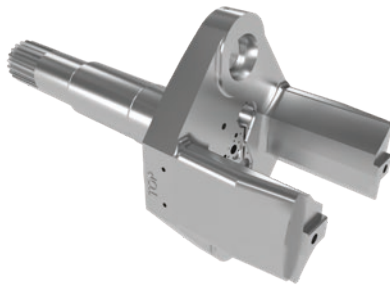

BUILT FOR COMPATIBILITY. DESIGNED FOR BETTER RESULTS

ANDRITZ parts are developed to seamlessly fit pellet mills across a wide range of brands and models while delivering measurable gains in durability and output. Each component is carefully engineered to handle demanding production environments, helping reduce wear, minimize downtime, and maintain consistent pellet quality. Informed by decades of practical experience and continuous customer feedback, these parts bring added value where standard solutions often fall short.

Quill and main shaft components

Quill flange

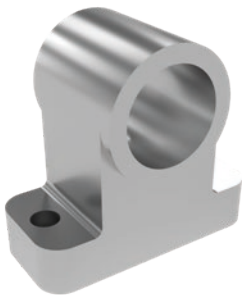

Main shaft lineator

Die driving key

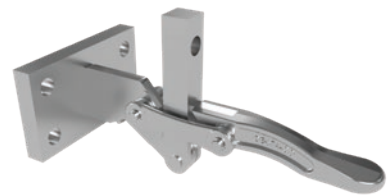

Chamber components

Primary hinge bracket

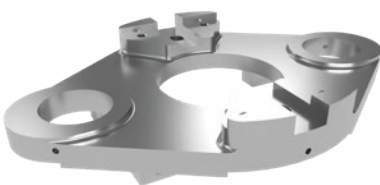

Hinge rod

Pellet chamber clamp

Roller assemblies

Front roll support

Roller shaft

Roll shell

Not all parts fit the pressure. Ours thrive in it.

Our team is equipped to solve the most demanding challenges using the most innovative technology in the industry.

WE USE PREMIUM-GRADE MATERIALS LIKE 1.4112 STAINLESS STEEL AND 1.2379 TOOL STEEL,

selected for their superior hardness and resistance to wear.

OUR PROCESS INCLUDES 3D SCANNING, CAD MODELING, AND REVERSE ENGINEERING

to guarantee a perfect fit and function for every part. Whether it's an original spec or a replacement part, accuracy comes standard.

EVERY PART UNDERGOES STRICT DIMENSIONAL AND MATERIAL CHECKS,

as well as real-world performance trials. Nothing leaves our hands until it meets yours and our high standards.

WE ALIGN WITH ISO OPERATIONAL STANDARDS, GMP+, AND FEED SAFETY ASSURANCE,

continuously improving our manufacturing processes to reduce environmental impact without compromising quality or safety.

IMPROVED PART GEOMETRY AND SURFACE TREATMENTS

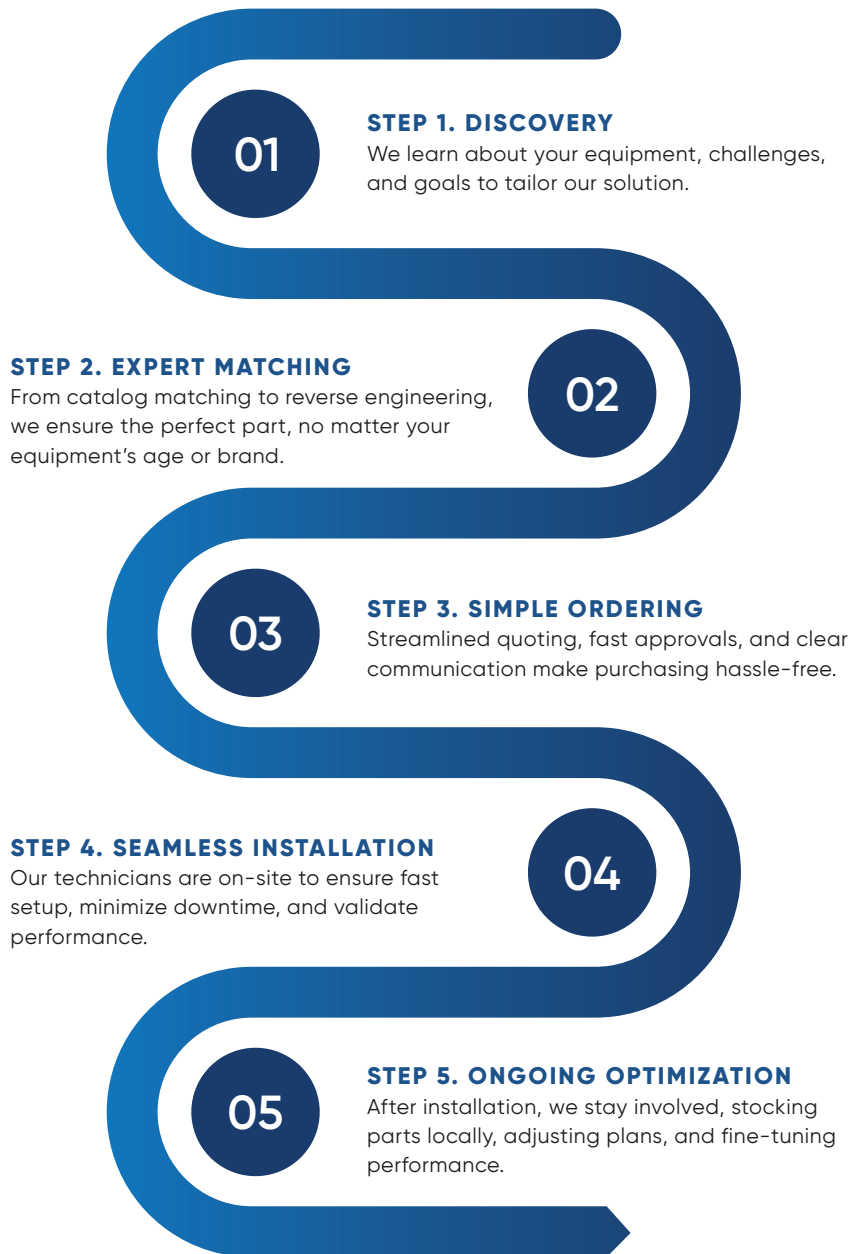

can reduce friction and wear, cutting down on energy use and boosting process efficiency.

UNIVERSAL COMPATIBILITY ENSURES OUR PARTS INTEGRATE SMOOTHLY WITH YOUR EXISTING SETUP,

minimizing installation time and maximizing uptime.

Sourcing ANDRITZ parts. Simple. Reliable. Personal.

Service that's as reliable as our parts

Transparent, competitive pricing with no hidden surprises.

Custom service contracts and maintenance kits.

Local service teams for inspections, repairs, and troubleshooting.

Strategic global hubs for fast delivery, wherever you are.

GLOBAL SUPPLIER – LOCAL PRESENCE

ANDRITZ Feed & Biofuel is truly a global organization – with local presence. We are represented all over the world. The global market is served from five main locations in Denmark, China, Netherlands, USA, and Slovakia.

In addition, ANDRITZ Feed & Biofuel operates from several strategic regional sales, engineering, and service locations in Australia, Bangladesh, Brazil, Canada, Chile, Dubai, France, Germany, India, Italy, Mexico, Poland, South Africa, Thailand, Turkey, the UK and Vietnam – and is also represented locally by agents and distributors in many other markets.
