

SEPARATION OPTIMAL EFFICIENCY IN PLANT OPERATIONS PROCESS OPTIMIZATION

Whatever your solid/liquid separation equipment or system, there's a tailored process or control solution that can reduce operational costs and improve performance, safety, and product quality. At ANDRITZ, we have the expertise to appraise your process, support or execute R&D projects, and to modernize your automation. With our worldwide network of process

experts and automation engineers, we can provide plant audits, local or remote services, upgrades, and optimizations. ANDRITZ can satisfy the complete range of your process needs during the lifetime of your assets. All scalable from single machines up to plant-wide installations, efficiently executed by a single supplier, and always individually tailored to your

business demands. Take advantage of our 150 years of OEM experience gained from an installed base of more than 55,000 machines. Let our global team of solid/liquid separation specialists help you improve safety, reduce costs, and save on power – for a vast number of well-known OEM brands.

ANDRITZ

ENGINEERED SUCCESS

WHAT'S YOUR SEPARATION CHALLENGE?

ANDRITZ Separation is the world's leading separation specialist with the broadest technology portfolio and more than 2,000 specialists in 40 countries. For more than 150 years, we have been a driving force in the evolution of separation solutions and services for industries ranging from environment to food, chemicals, and mining & minerals. As the OEM for many of the world's leading brands, we have the solutions and services to transform your business to meet tomorrow's changing demands – wherever you are and whatever your separation challenge. **Ask your separation specialist!**
